## Talking fishing, BAC (BOORT ANGLING CLUB Inc)

Spring is here and the weather is warming up, so get your fishing gear out and enjoy some time by the streams and lakes.

In July the BAC and the Lake Eppalock Angling Club had a combined comp at Pental Island and there were some handy catches. One of these was a nice cod caught by Chris Rothacker. Should have left him until the season opened in December so you could keep him, Chris. Still, it was a nice catch. Jack Kane reported a bag of 4 yellow belly and a catfish. Location undisclosed?

Entries are coming in for the Carp Comp on 21<sup>st</sup> and 22<sup>nd</sup> October at Boort Lake with quite a few taking advantage of the early bird draw for the rod and reel. We met with Tint Central this week and decided on items to make up the main prize. This is valued at more than \$1000. We thank Joe and all our other sponsors (they are listed on every poster and every entry form) so please take note and support them in return. Breakfast for entrants on Saturday and Sunday will be bacon and eggs. The evening meal on Saturday will be burgers and sausages on the barbecue, with fish, potato cakes and chips and salads also available.

Thanks to all those who attended the working bee on Tuesday to clean and improve the Club House.

New members are always welcome, so come along and help make our town an even greater place to live and visit.

Tight lines, Rod

# Town Shines In Grand Final Presentation

The Boort community have rallied around the opportunity to host the 2017 North Central Grand Final. From the moment that the decision was made there have been a range of rosters filled, cleaning and setting up completed, and structures put in place in order to have the day run smoothly. The Boort Park facility has been well supported by the Loddon Shire and developed by the host clubs, with playing surfaces admired by all visitors. "Gordy's" turf had that astroturf sheen to it in the sun, so even and thick was the grass cover on the ground. The way in which a range of separate but connected groups – the Netball Club, the Junior Football Club, the Hockey Club, the Canteen Committee and the Football Club worked

together to produce a perfect day of community sport was a highlight of the weekend. We thank all barbecue cooks, parking attendants, ground markers, canteen workers, bar workers, gate workers, raffle and recorder sellers, "cleaner upperers", organisers, scoreboard attendants, umpires and all others who helped make this day so successful.

Congratulations to both of our Grand Final teams, the "C" Grade netball and the Women's Hockey, which celebrated a premiership win. Now to start the planning for 2018 – we hope that you all get along to the AGMs and think about taking an active part in getting the next season underway. After a rest, of course!

### ***DID YOU KNOW ?***

Published in the Bendigo Advertiser Thursday 21 July 1881,

#### **THE BOORT NUGGET**

Our travelling reporter says: - I have already informed you by telegram of the finding of a nugget on Monday by the children of a selector named Peterson, living near Lake Yando, about six miles from the Boort township, on the main Kerang road. They had been sent out early as usual by their parents to bring in the cows. After finding them, they started homewards, and had not proceeded far when one of the youngsters espied something bright at the foot of a tree. He started to dig it out, it being firmly embedded in the ground, and amongst the roots of the tree. After a while he extracted it, and found it was a lump of gold, with which he hurried home. Mr. Petersen took the nugget to the National Bank at the township, and found it weighed 80 ozs. How the treasure found its way to where it was found cannot be ascertained, as there is nothing in the exact neighbourhood to lead any one to the belief that it is a gold-bearing locality. The soil is black and sticky, the surface being crab-hole and thickly timbered, and generally level, the distance from Petersen's selection being about four or five miles west of the Loddon. Had it been found in the Mallee little surprise would have been felt, as it is the opinion of many experienced miners who have settled in the district that gold abounds in the Mallee, requiring only energetic prospecting to discover it in payable quantities. The distance from the nearest diggings (Wedderburn) is nearly thirty miles. Many persons in the neighbourhood think the nugget had been planted in the early days, or lost there, but this seems rather improbable, as the locality is quite out of the track of where gold was likely to be carried, and probably the exact spot had never been visited by white men until selection set in a few years ago. A few months since a quartz specimen showing gold was ploughed up by a selector at Mysia, about twelve miles from Petersen's, but in country of a similar character. This would lead one to believe that Petersen's nugget was found where nature had left it, and that there may be somewhere in the locality a rich goldfield yet to be opened. Great excitement was created in the Boort township when the find became known, and a crowd soon assembled at King's Hotel, where the nugget was to be seen.

Published in the Boort Standard and Quambatook Herald, Friday April 8, 1904

#### **A STRANGE "FIND"**

While working in the Boort Gypsum pits on Saturday morning a man named J. Barry picked up a "slug" of gold weighing about a quarter of a pennyweight. The gold was found at the bottom of the gypsum stratum, about two and a half feet from the surface. Mr Barry who is a miner with considerable experience in Bendigo and West Australian fields, tested the ground but got no farther indications of gold. As the gypsum deposit is the most unlikely locality for gold, the mystery is how the "speck" in question became imbedded there.

## News from Boort Business and Tourism Council Committee of Management

The new committee of BBTCCOM is in place and held its first General Meeting on 11th September. This first meeting was a perfect opportunity to reflect and report on what held all of our focus in the initial part of our tenure, the annual Father's Day Event at John and Sonia Piccoli's for the launch of Loddon Naturally in Spring. We would like to acknowledge our appreciation to the outgoing committee, whose groundwork enabled a smooth transition and a successful result at the event. Luckily, although attendance was down on last year, the weather cleared and we had around 300 through the gates on the day. The support of our local businesses was wonderful. All that attended the event were rewarded with a fantastic family day. It was regarded as one of the best events to be held at the Piccoli's.

*John Wood, Actor and guest speaker at the launch of the Naturally Loddon in Spring Festival, having a chat with John and Sonia in their billiard room*

We have sent out the initial expression of interest letter to local businesses for the shop local campaign, "Bought from Boort". The campaign will begin on Monday 2nd of October with a mini draw taking place on Saturday 28th October where prizes and vouchers will be awarded. The major draw will occur on Friday 8th December at the Christmas Festival. Keep an eye out for further information about the campaign and the prizes on offer at local business outlets, notice boards around town and on our Facebook page (Boort Business and Tourism Council).

Our next event will be at the Boort Show on Saturday 14<sup>th</sup> October where, from our stall, we will be conducting a survey to find out what the community would like to see implemented by BBTCCOM. Please take the time on Boort Show day to drop in at our stall to say hello and give us your feedback. Don't forget to support us by purchasing some delicious freshly popped corn as well. We are currently seeking volunteers to help serve the popcorn on the day, if you can spare an hour or so to help out please contact Kerri Bedford on 0425 857 253 or email us at [tourism.boort@gmail.com](mailto:tourism.boort@gmail.com).

On Tuesday 12th September, at a Loddon Valley Business Network dinner held at Boort's Cafe Renu, we were able to launch the John Piccoli DVD. The DVD has been professionally finished and features John Piccoli speaking of his sculptures. The short video is a fabulous promotional piece for one of Boort's most valued and attended attractions. The DVD (also available on USB) will be available for sale at BRIC, Boort Lakes Caravan Park, Boort Emporium, Oasis Gallery, Star Spanner Sculpture Gardens and at the Wedderburn Tourist Information Centre. If you have an interest in stocking the DVD or USB at your business please call Paul Haw on 0417 333 171.

### **For your diaries:**

Don't forget the Boort Christmas Party on Friday 8th December.

Our next general meeting will be held on 9th October at 7:00pm at BRIC. Feel free to join us if you have any interest or ideas in further developing Boort's businesses and tourism.

### **LODDON SHIRE AUSTRALIA DAY AWARDS**

Loddon Shire residents are urged to consider nominating people and groups in our community for an Australia Day Award. Council is now receiving nominations for the Citizen of the Year, Young Citizen of the Year and Community Group/Event of the Year awards.

Loddon Shire Mayor Neil Beattie encouraged community members to consider putting forward an Australia Day Award nomination. "I urge our residents to have a think about people and groups in our community who have made an outstanding achievement or contributed towards values such as a fair go, community values, sport, cultural diversity and support."

Nominations are also open for the 2018 Community Service Awards. These awards recognise the outstanding contribution to the local community during 2017 or noteworthy service to the community over a number of years. An award is given for each ward (Boort, Inglewood, Tarnagulla, Terrick and Wedderburn).

Nominations for the Australia Day awards close on Friday 6 October.

### FIRE SEASON APPROACHES

With the onset of the warmer weather it is timely to remind people in the local area of the importance of good preparation prior to any burning off activities, before the introduction of Fire Restrictions. Before **any** burn off, small or large Notify the Burn OFF Information Line on 1800 668 511 of the time and location of your burn off. This helps reduce the number of good intent false alarms that place an unnecessary strain on emergency service volunteers. Please also ensure you have an area free from combustible material around any burn off (firebreak) and an adequate water supply on hand. Local Farmers using Private units are reminded that the Fire Ground contact Channel is UHF 20 at all incidents in the Loddon and Gannawarra Shires.
